Chameleon Housing

Chameleon Youth Housing had an open day last Friday. RC Kippa Ring-North Lakes President Garry Gibson attended along with many other representatives from Government, Community Service organisations, and businesses; to see and hear about the latest happenings.

Chameleon Youth Housing has operated on the Redcliffe Peninsula for over 25 years offering accommodation and support for young residents between the ages of 15 and 17 years from overnight stays to longer term. They also provide safe and affordable accommodation in the Redcliffe city and surrounds for young parenting families experiencing accommodation crisis, whilst also providing an opportunity for young people to take control of their lives in a supported strength based environment. All residents are encouraged to abide by "House Rules Policies and Principles" so that they can assess and reassess their goals and begin a process for a better future. They value young people to value themselves. Funds from our upcoming movie night will be allocated to this worthwhile organisation. (more about this soon!!)

It's Basic Education & Literacy Month

A Rotary grant helps bring tablet technology to students on Taveuni Island, Fiji.

Worldwide, 67 million children have no access to education, and more than 775 million people over the age of 15 are illiterate. Our members support educational projects that provide technology, teacher training, vocational training teams, student meal programs, and low-cost textbooks to communities. Our goal is to strengthen the capacity of communities to support basic education and literacy, reduce gender disparity in education, and increase adult literacy.

What is Rotary Friendship Exchange (RFE)?

RFE provides opportunities for Rotarians to visit other Rotarians somewhere in the world. It promotes international understanding and peace. It gives each Rotarian visitor a perspective of the area through the eyes of the local host Rotarians. It allows you to live the culture, see Rotarians in action and to share ideas.

How does it work? - After consultation with Clubs in our district, the RFE Committee will approach a district in a selected country for a Rotary Friendship Exchange with that District. If accepted, a group of 12 - 14 Rotarians including partners, will visit that country (outbound) for a period of up to 2 weeks. They pay their own expenses but are hosted by local Rotarian families. This is usually followed by a return RFE visit at a mutually agreed time.

What are the benefits? - International Travel at affordable cost
Rotary Hospitality
Local perspective and experiencing diversity of cultures.
Safety and security
Lasting friendships
Membership retention and attracting new members
Increases the internationality of Rotary
Promotes International understanding and peace
An unforgettable experience

The RFE Committee is seeking your input on whether as a Club, you are:

Interested in participating in a Rotary Friendship Exchange Program and if so, What are our preferred Countries for a RFE and how many members are keen to participate.

PLEASE NOTE: By agreeing to participate does not guarantee a place on an outbound exchange. This will depend on the demand for places and selection will be done on the basis of the 4 Way Test. An important consideration should the desire to participate in an active international exchange program that is stimulating and provides a great opportunity for international fellowship. for 2016.

KIPPAX'S RIB-TICKLER OF THE WEEK!

Dougie and Gina are seated next to each other on a flight from Scotland to Aus. Dougie asks if Gina would like to play a fun game? Gina, tired, just wants to take a nap, politely declines and rolls over to the window to catch a few winks.

But Dougie persists and explains that the game is easy and a lot of fun. He explains, "I ask you a question, and if you don't know the answer, you pay me \$5.00, and vice versa." Again, she declines and tries to get some sleep.

Dougie now agitated, says, "Okay, if you don't know the answer you pay me \$5.00, and if I don't know the answer, I will pay you \$500.00." This catches Gina's attention and, figuring there will be no end to this torment unless she plays, agrees to the game.

Dougie asks the first question. "What's the distance from the earth to the moon?"

Gina doesn't say a word, reaches into her purse, pulls out a \$5.00 bill and hands it to Dougie. "Okay, " says Dougie, "your turn".

She asks Dougie, "What goes up a hill with three legs and comes down with four legs?"

Dougie, puzzled, takes out his laptop computer and searches all his references, no answer. He taps into the air phone with his modem and searches the net and the library of congress, no answer. Frustrated, he sends e-mail to all his friends and Rotary mates, to no avail. After an hour, he wakes Gina, and hands her \$500.00. Gina says, "Thank you, " and turns back to get some more sleep. Dougie, who is more than a little miffed, wakes Gina and demands, "Well, what's the answer?" Without a word Gina reaches into her purse, hands Dougie \$5.00, and goes back to sleep!
