## Rotary Club of Kippa Ring Inc. Bulletin 2012—2013

### From the President's Desk....

Dear Fellow Rotarians,

As you all know I have been cruising all last week and was unable to thank you all for being there for our Change Over on 6<sup>th</sup> June. It was a lovely night and was most enjoyable. Thank you so much for the beautiful gifts presented to me. I was deeply touched.

However, although the official business has been completed you still have to put up with me until the end of June. I am looking forward to seeing you all again.

I was sad to see Ken's resignation upon my return but can understand the reasoning behind his reluctance to be a Rotarian "in name only" as this is definitely not his way. We will all miss him greatly and I hope that he and Narelle will be able to visit us from time to time.

We enjoyed the cruise with Gavin's relatives. With our family we were a party of 12 (including five children). It was lovely to be pampered and spoiled but a shock to have to start cooking again and make my own bed!

Yours in Rotary Service,

Lorraine

## ***Santa's helper leverages dollars for polio eradication***

While I know that RI President-elect Ron Burton's theme is "Engage Rotary: Change Lives," I would like to add the thought that we can multiply the dollars we raise engaging Rotary before we turn them over to those who change lives.

I live in St. John's Newfoundland, Canada. I am a Rotarian but also a good friend of Santa Claus and he and I have travelled together for 34 years. We make about 50 visits a year to children's groups, seniors' homes, parades and children's hospitals. Some of the visits are very happy and some will break your heart.

Last year, I wrote a book called "[The Man in the Red Suit](#)." It was printed four times and made the best seller list in Canada. But the Rotary connection was when my wife said "why don't we donate our writer's first printing proceeds to Rotary's PolioPlus fund?"

I thought about that for a while and then set about to take what we would donate and see how much I could leverage through matched funding from local companies before the money went to RI. That was a great deal of fun and within a few days, we turned \$5,000 into \$30,000. Then the [Government of Canada matched](#) the \$30,000 and so did the [Bill & Melinda Gates Foundation](#). So \$5,000 "engaged by Rotary" turned into \$90,000, and we can now buy the vaccine for 150,000 children to "change lives."

When I sat with Dr. Bruce Aylward of the [World Health Organization](#), who was visiting here in Newfoundland from Geneva, we talked about his mandate to eliminate polio in the world. I went home that night thinking about the 150,000 children.

I don't know whether the children are in Pakistan, India, Afghanistan, or Nigeria. But they are out there somewhere and the proceeds of a little book (and a Rotary wife's suggestion!) will "Engage Rotary and Change Lives."

Bruce Templeton meets with Bruce Aylward, assistant director-general for Polio, Emergencies and Country Collaboration at the World Health Organization.

### Rotaplast celebrates 20 years of service

Months before a Rotaplast International medical team made its first trip to Bangladesh, in May 2011, members of the Rotary Club of Agrabad traveled around the country to inform families in need. In this nation of 150 million, an estimated 300,000 people – most of them living in impoverished rural areas – have untreated cleft anomalies.

Some families didn't know that clefts could be repaired until they saw the club's posters in their villages, and many journeyed great distances to bring their children to the Nurture Centre for the Disabled and Paralyzed outside the port city of Chittagong. In two weeks, the team performed 115 surgeries there.

For Rotaplast staff member Linda Bullard Stoich, the mission of the Rotarian-founded, San Francisco-based nonprofit has special significance: Her son was born with cleft lip and palate and has undergone eight corrective surgeries in his 17 years.

"I carried pictures of my son – when he was first born, and the progress of his surgeries – in my pocket to show the families," Stoich recalls. "I felt such a strong bond with these mothers."

A man once asked his father,  
"Father, how will I ever find the  
right woman"  
His father replied  
"Forget finding the right woman,  
focus on being the right man."

God grant me a vacation to  
make bearable what I can't  
change. A friend to make  
it funny and the wisdom to  
never get my knickers in a  
knot because it solves  
nothing and makes me  
walk funny.

It's Friday night... Time to be a hero and  
rescue some wine trapped in a bottle.

People said to  
follow your dreams,  
so I went back  
to bed!

How did you manage to  
stay together for so long?

It's simple, really. We are  
from a time where if  
something is broken, we  
fix it. Not throw it away.

# KIPPA-RING

The club derives its name from an Australian aboriginal religious ceremony of making secular boys into sacred men who were then a Kippa.

This ceremony was performed in an area of two circles (or rings) that were to be found locally, hence the name Kippa-Ring.

The name was first approved in 1971 The Queensland Place Names Board has told Redcliffe Council it had noted the first approach for the establishment of a new school came from the Kippa-Ring Progress Association and while the name of the district was approved by the Board, it would prefer to see the name spelt "Kippa-Ring" in order to preserve the connotation with the aboriginal ceremony from which the name is derived.

Pat Gee, author of "Redcliffe - Looking at the Landscape" and noted local historian describes fully the origins and use of the suburbs name. Among other notes, she points out that the ring itself disappeared in the 1950s. In 1927 a Dr. Hobbs referred to the area - running across the Kipper Ring flats then over a neck of swampy land to Scarborough.

The official Government web site has the names listing as follows:-
