**Tonight, Sue Turner from Grace Lutheran College talks about her visit to the Harvest Cambodia project.**

Harvest Cambodia has just completed another successful Teacher Training Program at Stepping Stones School. Harvest Cambodia was joined by eight wonderful teachers from Australia who ran teacher training workshops for two weeks. For the first time, H.C. will extend their training program to the teachers from four local government schools!

Our very good friend from Grace Lutheran College, Sue Turner has recently returned from a trip to Cambodia; and will enlighten us tonight about the marvellous progress to date of this wonderful project..

**ROBERT PENNICOTT – Tasmanian of the year 2012**

Bruny Island resident **Robert Pennicott** is recognised under the theme, A Helping Hand, The Aussie Way, for cofounding the Tasmanian Coast Conservation Fund and establishing the Pennicott Foundation to make Tasmania, and the world, a better place.

In 2007, Robert cofounded the Tasmanian Coast Conservation Fund to protect Tasmania’s coastline and its native wildlife, injecting \$100,000 of his own money into the venture. These funds enabled a feral species to be eradicated from Tasman Island, giving native birds the chance to thrive. Driven to help others, last year Robert founded the Pennicott Foundation to raise money for local and international causes. His first mission was sailing around Australia in a 17-foot yellow dinghy to raise funds and awareness for polio. Surviving on just five hours sleep a night, Robert raised \$288,000 to help wipe out the disease worldwide. A Bruny Island-based boat tour operator, Robert donates one-quarter of his profits to numerous local projects and charities. Whether he’s on land or at sea, Robert is committed to giving future generations of Tasmanians a better place to live.

*Robert Pennicott is a member of the Kingston Rotary Club.*

**THE ROTARY CLUB OF NAURU**  
 RI DISTRICT 9600

**The Rotary Club of NAURU**

**The current Rotary Club of Nauru was chartered on 28th September 2010. The club meets at 7pm on Wednesday evenings at the University of South Pacific Patio. Current membership is 8.**

**The island originally belonged to Germany, and after changing hands three times 'in the first fortnight of the war' was finally allotted to Australia as mandated territory. The island was very rich in phosphates, a most necessary product in the agricultural development of Australia, and it was on this fact its prosperity depended. There was enough phosphate on the island to supply the world for 400 years at the rate of 1,000,000 tons a year.**

**Fellows and guests, ....please be upstanding and raise your glasses to the Rotary Club of Nauru.**

## WHAT IS HAT DAY?

**Friday October 10 is Hat Day, the fun-draising day where you wear a hat and make a donation to help shine a light on mental illness in Australia.**

Simply register your Hat Day here on our website. It could be for your company, club, sport team, friends, family – whatever!

Your very own Hat Day event page will be set up where people can make a donation to this wonderful cause. You'll be able to set a 'Hat's Off' target to reach and watch the progress.

So share the link to your page and let everyone know early that they can donate online at *any time* they're feeling generous, not only on Hat Day.

100% of the money raised for Hat Day goes to research into helping those affected by depression, anxiety, schizophrenia and many other illnesses.

Hat Day is an initiative of Australian Rotary Health, one of the largest non-government funders of mental illness research in Australia.

Hat Day 2014 is to be the springboard to launch a new national initiative focused on the prevention of mental health disorders.

**GET INVOLVED!**

## PREVENTING MENTAL HEALTH ISSUES

**Pregnancy & early childhood is the best time for mental health prevention**

**Smoking in pregnancy increases the risk of a child developing MH problems**

**80% of women with perinatal depression had mental health issues in their adolescence**

**Promote positive message to parents – there is too much negativity**

**Don't fight in front of kids - Aggression creates aggression**

**There is a strong association between poor diet/lack of exercise and increase in mental health problems**

**Delay as long as possible allowing teens to drink alcohol (don't introduce alcohol at home)**

**When you retire - take on voluntary work - Join a club**

**Risk factors in young people are diet, sleep patterns, bullying, alcohol & drug use**

**Personality type is a risk factor for dementia – Be Happy! (personality is not fixed)**

**Brain games are good and increase brain activity – long term benefits**

**Don't take a sea change or country change, it lasts only until ill health sets in .. If you want to move closer to your children, ask them first**

"On World Sight Day, International Association for the Prevention of Blindness members work together to: \* Raise public awareness of blindness & vision impairment as major international public health issues. \* Influence Governments/Ministers of Health to participate in and designate funds for national blindness prevention programmes. \* Educate target audiences about blindness prevention, about VISION 2020 and to generate support for VISION 2020 programme activities.

Approximately 285 million people worldwide live with low vision and blindness ... Of these, 39 million people are blind and 246 million have moderate or severe visual impairment 90% of blind people live in low-income countries... Yet 80% of visual impairment is avoidable - i.e. readily treatable and/or preventable.

11 October 2014

## LESSONS IN ROTARY GEOGRAPHY

- Were you aware that the Rotary Club of Reno, Nevada, is farther west than the Rotary Club of Los Angeles, California?
- Would you guess that the meetings of the Rotary Club of Portland, Maine, are farther south than those of the clubs in London, England?
- Can you imagine that the Pensacola, Florida, Rotary Club is west of the Detroit, Michigan, club?
- It's a fact that the Cairo, Illinois, Rotary Club is south of Richmond, Virginia.
- There are 69 Rotary clubs with the word "Tokyo" in their club names.
- The Rotary Club of Nome, Alaska, lies west of the club in Honolulu, Hawaii, and the Santiago, Chile, club is located east of the Rotary Club of Philadelphia, Pennsylvania.
- Rotary geographers will know that virtually every Rotary club meeting in Australia is east of the Hong Kong Rotary Club.
- What do the Rotary clubs of Quito, Ecuador, Libreville, Gabon, Singapore, and Kampala, Uganda, have in common? You guessed right if you said they all meet approximately on the equator.
- There are many interesting relationships and things to learn as you become acquainted with the 34,300 clubs in the wide world of Rotary.
