Making a Difference

RC KIPPARING LEARNS ABOUT RECYCLED PLASTIC PRODUCTS

Replas is an Australian company that has developed world leading technology to reprocess plastic waste into a range of recycled plastic products suitable for outdoor use.

Now in its twenty-first year, the company produces a range of over 200 products and has grown to become Australia's leading producer of recycled-plastic products.

Replas has since developed world leading technologies to reprocess Australia's waste into robust recycled-plastic products for outdoor use. These products offer an ethical alternative to the unnecessary use of virgin materials and provide long-lasting advantages to customers.

National Business Development Manager, Peter Patterson, visited our club to share an interesting and educational presentation on the environment.

The presentation outlined some of the problems faced by our planet with a particular focus on waste plastic, solutions and practical ways the community can make a difference. Replas products are designed to last. Recycled plastic is resistant to termites, microorganisms and moisture, and will never split, rot, crack or need painting. Their range of unique products include outdoor furniture, bollards, signage, speed humps, garden panels and decking.

November 1st

November is Rotary Foundation Month!

It's a good time to reflect on the great Rotary Foundation sponsored programs we support and on how each of us can contribute to make sure these programs continue.

Our **Rotary Foundation** sponsors a broad range of Educational and Humanitarian programs that save and change lives here and abroad: Group Study Exchange (GSE), Ambassadorial Scholars, Polio Eradication, District Matching Grants and Health/Hunger & Humanity (3H) Grants, to name a few. These programs are the lifeblood of Rotary, creating world peace and understanding through the lives touched by the programs. Ask any past GSE team leader or any Rotarian who has visited/worked on an international project about the difference made by these programs . . . there are many wonderful stories of saved and changed lives around the world.

Our contributions to **The Rotary Foundation** fund these Rotary programs. While our Foundation is quite healthy (one of the largest Foundations in the world), there is so much more we need to do. Your annual contribution and/or a contribution to the Foundation permanent fund (through a major gift or benefactor contribution) fuels our Rotary programs. A contribution to the Foundation is one of the best investments you can make with nearly 100% going to Rotary programs that save and change lives.

Please learn more about **The Rotary Foundation** and make a contribution to continue saving and changing lives. These programs work and are a great investment for a better and safer world.
