Cathy moved to Sandgate 46 years ago and as a housewife and Mum first and foremost went on to sell World Book Encyclopedias before joining Cross Country Tours in a voluntary capacity for 3 years, 6mths part time, 17 years full time before her children and she bought the *Business in 2001*. **J.C. Hall**, 1891–1982, Born in **David City, Nebraska**, the son of Nancy Dudley Houston and George Nelson Hall, a traveling minister who provided sparingly for his wife and children. When Hall was seven, his father abandoned the family. Hall worked odd jobs, mostly involving sales, from age 8 on. Hall's response to his father's mantra, "the Lord will provide," was, "It's a good idea to give the Lord a little help." In 1905, Hall and his brothers invested US\$540 to buy picture postcards to sell to store owners and other dealers around their area. They also convinced some of the traveling salesmen who came into the Halls' bookstore, which Joyce Hall's older brothers bought with a partner in 1902, to add the postcards to their sales territories. Hall conceived the *Norfolk Post Card Company* in 1908 in **Norfolk, Nebraska**. In 1910, Hall moved to **Kansas City, Missouri**, with little more than two shoe boxes of postcards. By 1913, he and his brothers were operating a store (which would eventually evolve into Kansas City's **Halls** department store) selling not only postcards but also greeting cards. The store burned in 1915, and a year later, Hall bought an engraving business and began printing his own cards. It turned into a bigger business than he had had before. In 1928, he began marketing his cards under the Hallmark brand name. **J.C.HALL was an active member of the Rotary Club of Kansas City.**

## Giving & Grants

Rotary helps Ghana surpass clean water goals. Rotary members around the world have helped more than 85 percent of people in Ghana gain access to clean water and eradicate Guinea worm disease.

Giving updates:

Rotary leaders have class:

Earlier this year, RI President-elect Gary C.K. Huang challenged his class of District Governors to build on the historic achievement of President Ron Burton's class. The result: 100 percent of district governors led by example and supported our Rotary Foundation for the second consecutive year. District governors-elect are now encouraging their class of club presidents-elect to do the same, every year. If every Rotarian participates in what is becoming an annual tradition, our ability to change lives in our local communities and others around the world will increase dramatically.

Paul Harris Society charter year: A huge thank you to the more than 9,000 Rotary Foundation donors who became charter members of the Paul Harris Society this Rotary year. Your generous commitment to give \$1,000 each year to the Annual Fund, PolioPlus, or an approved Foundation grant will ensure a lasting impact on communities around the world. For more information, contact your district Paul Harris Society coordinator, and read about the society.

### Grants updates

District grant application deadline is 15 May. The deadline to submit 2013-14 district grant applications is fast approaching. District leaders submit the application online. Learn more about district grants. And just a reminder: There is no deadline for global grant applications.

### District qualification for 2014-15

Districts must become qualified in order to receive Rotary Foundation grant funding. Similarly, clubs must also be qualified before applying for global or packaged grants. The qualification process helps ensure that your district or club understands its financial responsibilities, including stewardship, and is prepared to assume them.

Qualification for Rotary year 2014-15 begins in May 2014. Qualification includes an online process in which the district governor, governor-elect, and district Rotary Foundation committee chair agree to implement the district memorandum of understanding (MOU). New officers will be able to access and authorize the MOU 60 days before the start of their term; previously submitted authorizations will remain in effect. Remember to report the names of newly elected or appointed district officers to the Foundation as soon as possible so they will have access. Check out the new Grant Management Seminar Leader's Guide, which includes information on conducting the seminar as a webinar.

### Grant terms and conditions updated

Grant terms and conditions are periodically updated for the sake of clarity and to incorporate policy changes. See the current version, which includes these changes:

Each semester of study is now considered a separate activity eligible for grant funding. District grants can fund activities in non-Rotary countries. Grant sponsors should make sure that applicants for scholarships and vocational training teams understand that their application must be approved by the Foundation before they incur any expenses or make travel arrangements. RITS/BCD charges a service fee of \$50 to \$70 per plane ticket issued, and grant sponsors may include this fee in their budgets.

District grants are paid out at the Rotary exchange rate at the time of payment. Unused district grant funds of \$500 or less must be used for charitable purposes that meet district grant eligibility requirements.

### Summary of Incidence of Polio World Wide & donation to Polio Plus as at 30 April 2014

#### Incidence of Polio

In 2013 two-thirds of polio cases reported were in countries which were previously polio-free. The spread is the result of regional conflicts. In endemic countries cases were down by 40%. The **Global Eradication Initiative** has been able to contain the outbreaks for Polio in Syria and Somalia.

So far in 2014 60 cases of paralytic polio have been reported compared to 22 cases for the same time in 2013. In 2013 there were 400 case of polio world wide compared to 223 cases world wide in 2012.

As at 23 April 2014 49 cases of paralytic polio have been reported in Pakistan in 2014. Over half the total number of cases in the world for 2014. Northern Pakistan suspended polio vaccination in 2012 and is now the engine room for the spread of polio throughout the world.

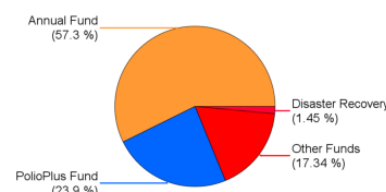

From northern Pakistan the Wild Polio Virus ( WPV1 ) spread to Egypt Israel and Syria in 2013 In 2014 Israel detected WPV1 in fourteen sewage samples collected sites from the West Bank and Gaza indicating widespread transmission of WPV1 throughout the country. No case of paralytic polio have been recorded - a tribute of Israel's polio vaccination program.

Travellers to the Middle East are reminded to ensure that their Polio Vaccination is current . Adults who have been vaccinated as a child but who have not had a booster vaccinated in the past 10 years can act as carriers and bring WP1 virus back to Australia and spread the virus to our children and grandchildren.

<b>Total Funds received District 9600 as at 30 April 2014</b>	<b>\$ 38,561.14</b>
<b>Total Funds received Australia &amp; N Z as at 30 April 2014</b>	<b>\$ 680,923.00</b>
<b>Total Funds received World Wide as att 30 April 2014</b>	<b>\$ 24,699,842.00</b>
<b>Total Funds available after 2 for 1 subsidy from the Gates Foundation</b>	
<b>For Global Polio Eradication</b>	<b>\$ 74,099,526.00</b>

R I and District 9600 is well on its way to meeting their objective for Polio Plus for 2013 -2014

#### Graph of Rotary Foundation Receipts as at April 2014

The fight against polio is being won but **The Global Eradication Initiative** will require the ongoing support of all Rotarians.

**Donations are tax deductible and attract a 2 for 1 subsidy from the Gates Foundation** up to a maximum of \$70 million in one year.

Thank you for your ongoing support for this great Rotary Project which was conceived by District's 9600 World President in 1978 Sir Clem Renouf.
