## MADAM President

*How quickly the week has passed. It seems so hard to fit in everything in this very busy time. Yet it is important just to stop sometimes and take a moment to breathe and be in the present.*

*We all need to give ourselves the gift of time, even if it's just a few minutes every day to do something you enjoy or just to be.*

*I really enjoyed the presentation last week on **Teacher In A Box** by **Denise Heyman**. It's amazing how innovative people can be and how this can change the lives of others.*

*Talking about great work, we have a special meeting coming up on Wednesday, when we are joined by **Chappy Nathan** and his family to celebrate the wonderful work he is doing at Hercules State School. I hope you can all attend.*

*Just a reminder that the AGM is coming up in December. This is an important meeting where the Club votes for the Executive for the Board for the following year following nominations. It would be really special if we could identify a President Nominee.*

*The Christmas Trailer & Goods Raffle and the Calendar sales are going well. It is important that as many people as possible help with these fundraising activities. They are essential for the work we want to do to support the local and international communities and our young people. I encourage everyone to please make some time available to assist. Many hands make light work is a very apt saying.*

*I hope everyone has had a good week and I look forward to seeing you all on Wednesday.*

*Yours in Rotary Service,  
**Dr. Debra El-Saadi**  
Club President  
2021/22*

**World Cup T20 Cricket Champions!**

## A little known fact!

The first testicular guard was used in cricket in 1874

and the first helmet was used in 1974.

It took 100 years for men to realize that the brain is also important.

More than 775million people over the age of 15 are illiterate. Our goal is to strengthen the capacity of communities to support basic education and literacy, reduce gender inequality and disparity in education.

## HOW ROTARY MAKES HELP HAPPEN

We take action to empower educators to inspire learning at all ages.

### MENTORING STUDENTS

Rotary club pairs students with celebrity and CEO mentors for success.

### TEACHER TRAINING

We share our knowledge and experience with educators and other professionals who work with vulnerable populations.

### ADULT LITERACY

Rotary members fight adult illiteracy by working with local advocates to offer community literacy programs.

## OUR IMPACT ON EDUCATION

The **Rotary Foundation** supports education through scholarships, donations, and service projects around the world.

**Teaching adults to read:** Rotary members in the United States partnered with ProLiteracy Detroit to recruit and train tutors after a study showed that more than half of the local adult population was functionally illiterate.

**New teaching methods:** The SOUNS program in South Africa, Puerto Rico and the United States teaches educators how to improve literacy by teaching children to recognize letters by sounds instead of names.

**Making schools healthy:** Rotarians are providing clean, fresh water to every public school in Lebanon so students can be healthier and get a better education.

## Hercules Road State School

Tonight, we have indeed a very special occasion as we welcome back an old favourite friend of our Club.. **Chappy Nathan Grady** from **Hercules Road State School** to celebrate his great achievements.. **Nathan** has 15 years of service .. **Bringing hope to a young Generation!**

**Rotary**

Thank you for being our Guest Speaker.  
We are truly grateful to you for sharing  
your valuable time and talents with us.

*It is not what we give, but what we share!*
